BALLOON BETWEEN KNEES RACE – RULES

1. TEAM FORMATION

1. Each team must consist of 2 participants.
2. Both participants must work together and remain together throughout the race.

2. SETUP

1. A starting line and finish line will be clearly marked.
2. Each team will be provided with one balloon and a designated racing lane or area.
3. The balloon must be placed between the two teammates during the race.

3. HOW TO PLAY

1. Each pair must stand at the designated starting line.
2. On the official signal, the pair must move towards the finish line while keeping the balloon securely between them.
3. Participants must not use their hands to hold or support the balloon.
4. Both teammates must cross the finish line together.

4. RULES & RESTRICTIONS

1. Participants must not hold, carry, or support the balloon with their hands during the race.
2. Teams must not start before the official signal.
3. Teams must not push, block, or intentionally interfere with another team.
4. If the balloon falls or is dropped, the team must return to the starting point and restart.
5. If the balloon bursts, the team must return to the starting point and restart with a new balloon.
6. Both teammates must remain together throughout the race.
7. Teams must remain within their designated racing lane or area.
8. Teams must stop immediately when the whistle or “STOP” command is given.
9. Any deliberate violation of the rules may result in disqualification.

5. WINNING CRITERIA

1. The team that reaches the finish line first while following all the rules wins the race.
2. In case of a tie, a tie-breaker round will be conducted.
3. The final result will be determined by the event coordinators or referees.

6. DISQUALIFICATION

1. Deliberately interfering with another team.
2. Using hands to hold or support the balloon during the race.
3. Starting before the official signal.
4. Repeatedly violating the rules despite instructions from the organizers.

7. ORGANIZER'S DECISION

1. The decisions of the event coordinators or referees regarding rule violations, restarts, disqualification, and the final result are final.
2. The organizers may modify or clarify the rules when necessary for the smooth conduct of the event.
